

3 year PhD position in constraint-aware reasoning and querying over distributed knowledge graphs in Vienna university:

<https://www.wu.ac.at/en/careers/careers-at-wu/current-job-openings?yid=428>

Applicants for the Ph.D. positions must have a master's degree, which entitles them to enroll for a PhD program, in one of the following subjects: computer science, information systems, business informatics (or a related field of study) with solid practical & theoretical foundations in at least one of the following topic areas:

- linked data
- data science, data mining
- knowledge representation & reasoning
- databases
- distributed systems and decentralized computing
- semantic web
- software Engineering
- graph theory/graph databases
- big data management
